

## RE Technology names Dick Betts as a Contributor

On Friday April 12<sup>th</sup>, 2019 Marilyn Wilson named Dick Betts a contributor to RE Technology. Marilyn Wilson is the Co-Founder and Executive Vice President of RE Technology and also Managing Partner of the Wav Group a strategic planning and consulting company, both organizations located in Arroyo Grande, CA.

In Dick's role as a contributor he will submit bi-monthly articles to RE Technology for distribution. Wilson summarizes Dick as a "well-known speaker that brings practical, non-product specific advice to help REALTORS® be more successful."

Betts said "It was an honor to be recommended and contacted by Marilyn. I have been a follower of RE Technology over the years and used and shared information learned from their daily newsletters, webinars and educational articles."

RE Technology's goal is to help every real estate professional learn how to leverage technology more effectively so they can be more successful. Consumers expect the seamless use of technology in real estate transactions. They demand real-time responsiveness, online access to rich real estate information, market insights and total transparency to their transactions.

This announcement follows Dick being named a Cadre with RealTown, The Real Estate Network based in San Diego and National Director of Seminars for New Home Co-Broker Academy headquartered in Orlando, FL.
